IN THE SPECIFICATION

Please replace the paragraph beginning at page 12, line 15 with the following amended paragraph:

Thereafter, the method includes initializing the probability of the image being a comic ~~slide~~ and initializing the probability of the image being a slide to zero 1030.

Please replace the paragraph beginning at page 12, line 22, with the following amended paragraph:

After the evaluation 1040, in action 1050, the method increments the probability of the image being a comic ~~is incremented~~ by one of the amounts P_{C1}, P_{C2}, P_{C3}, . . . depending on the thresholds t_{X1}, . . . , t_{XM} between which the part f_X of the feature vector falls. Also the probability of the image being a slide is incremented by one of the amounts P_{S1}, P_{S2}, P_{S3}, . . . depending on the thresholds t_{X1}, . . . , t_{XM} between which the part f_X of the feature vector falls.
